WASHINGTON CIRCLE SCENE OF PALM SUNDAY SERVICE

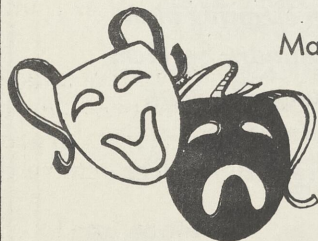

On Sunday, March 30, members of the congregations of all nine area churches will gather in Washington Circle for an ecumenical service at 10:30 a.m.

The first service of this kind in FB was held two years ago during the centennial year of three area churches. An expanded service was planned for last year but was cancelled at the last minute.

The service will start at 10:30 and last approximately twenty minutes, permitting participants to attend regular 11:00 a.m. services. The event is being planned by the West End Laymen's Association, and the following churches will participate: Church of the Pilgrims, Community of Christ, Concordia United Church of Christ, Nineteenth Street Baptist, St. Mary's Episcopal, St. Paul's Episcopal, St. Stephen Martyr, Union Methodist and Western Presbyterian.

Gude:

FOGGY BOTTOM HAS MUCH TO OFFER

Stressing the relative fortunate situation of Foggy Bottom, Congressman Gilbert Gude of the 6th District of Maryland told the February 23rd meeting of the Foggy Bottom Association to write letters! A signed petition to the proper Congressman or Senator is fine, but individual letters command more attention.

He pointed out that Foggy Bottom has about the highest income and education level in the city. Comprising about a third of the 3rd Precinct, it has only about one-fifth of the robberies. Crimes here run more to automobile thefts and burglaries. More and better-trained policemen are one answer. The Congressman is interested in legislation to provide educational pay incentives to District policemen which he will again try to get through Congress.

An elected school board was the first step towards home rule and the representation in Congress is the next. His bill, H.J. Res 326, would provide as many Congressmen for the District as a State the same size and one Senator. Senator Charles M. Mathias has a companion bill, S.J. Res 52, differing by providing two Senators. Both would require a Constitutional amendment and are pending before the Judiciary Committees of the respective Houses of Congress. Write a letter!

RAPIST AT LARGE!

There is a rapist operating in the Northwest area of the District. At the February FBA meeting Lieutenant Lockwood of the Third Precinct told a bit of the history and the method of operation of this criminal.

He usually strikes between 5 and 11 p.m., loiters in a corridor until a victim gets her apartment door unlocked, then rushes in after her before she has a chance to realize what's happening, puts the chain lock on, and has a perfect sanctuary to commit his perverted crime.

These crimes occur even in buildings that have a lobby desk. The assailant can easily pose as a repair or delivery man.

The Lieutenant urged all women not to unlock their apartments as long as there is a stranger visible in the corridor, and to report all strangers to the management or to the police. No innocent person will object to questioning under such circumstances.

FOGGY DOINGS

It was a boy for LIZ and NATHANIEL DAVIS. Young Thomas Rohde Davis was born in Guatemala City January 20, and is reportedly being spoiled by his two older sisters and his older brother.

It was a skiing trip for newlyweds LARRY and ELLIE ROSENTHAL, after their February 21 wedding at St. Stephen's. The Eye Street home of BETTINA DE PAULO was crowded with well-wishers after the ceremony.

Those at the March FBA meeting will have a special little treat in store - in addition to the big treat of the featured speaker. Our good neighbors at D&W MARKET are springing for some refreshments. ... We hear from reliable sources that an active subcommittee of the West End Laymen's Association - with assistance from the clergy - is hard at work on good weather for Palm Sunday.

It may come as no surprise that the writer has been fogged in with overtime, and apologizes for the brevity of the news this month. In April we'll try harder.

THE FOGGY BOTTOM FARMERETTE

Scale insects threaten Foggy Bottom's Evergreen Holly, Evonymus, Flowering Dogwood, White Birch and more. If not treated before buds break, new growth will be stunted. In time plants can die.

Scale insects (visible in any Foggy Bottom neighborhood) look like split pea shaped bits of white chalk on the plant branches. The worst infestations are on the Flowering Dogwood at Pennsylvania House, 2424 Pa. Ave.; the Burning Bush and Holly at 940 25th St. and more Holly and Evonymus at the rear of The Elise on 24th near I.

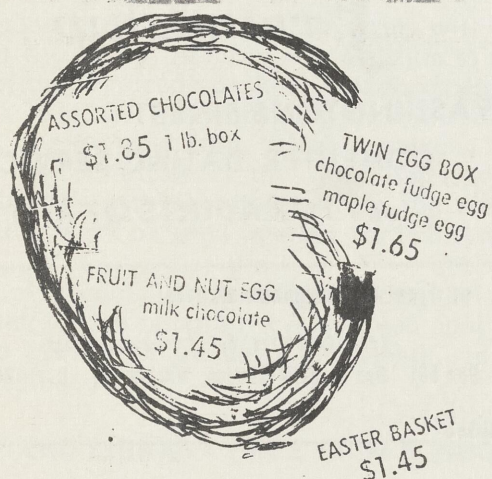

On I St. the beautiful Holly hedge between 2514 and 2516 is infected as is the striking White Birch across the street at 2515. A rose bush and an orange berried Pyracantha on the east side of 25th near H has it. Also plants to the rear of the

jewel-like complex of town houses and roof gardens at Six Corners (24th, Eye and New Hampshire).

The disease is advanced. Treatment must be immediate and by professionals before the new buds open up. Phone a competent Tree Surgeon. Neighbors can make it a "co-op" and share the costs.
